CONSENT FOR ACUPUNCTURE

I, _____, understand that I will be receiving a treatment from a licensed acupuncturist. I understand that treatment involves any or all of the following health care practices: Massage, Acupuncture.

Acupuncture is the insertion of one or more thin needle(s) into the surface of the body. A patient may feel a slight pricking sensation near the needle. Patients usually report little or no pain during an acupuncture treatment. On occasion, there may be slight bruising or bleeding where a needle was inserted.

The duration of a treatment is usually 30 minutes to 1 hour. Although no outcome of treatment is guaranteed, it is understood that every patient is unique and that each treatment is designed specifically for the condition of the patient. I understand that I have the right to consent to, or refuse treatment.

Quality patient care is our primary concern. The optimal timing of your treatment is an important aspect of that care. If it is necessary to reschedule your appointment, we ask to be given 24 hours notice. We understand that sometimes scheduling conflicts arise that are unavoidable but we ask that you give us a 24 hour notice to avoid a $50 cancellation fee.
